Where I deal with the matter in Feb, last, I had the original papers before me & could remember my information as I gained it from the Bhaskara Aptant I made a note against Kanaiya Rao the following note, As a broad principle I think I should have relations in Mysore who can, and do, help him, & better the Diwan's treatment of the 29 January boys but the present letter gives us any information as to who & what Kanaiya Rao is and who his relations in Mysore are & whether they are in a position to, and do not, help him

This memorandum

SIR

I have the honour to inform you that a Mysorean student of the Victoria Technical Institute named B Karigyu Rao who joined the Institute in the beginning of 1903 was recommended for a scholarship As no scholarship was sanctioned for him, he applies again with the recommendation of the Principal and informs that his circumstances are most pitiable, and that he has entirely to depend on the charity of Mr Sefton and others who are providing him with food and other necessaries He submits that at the end of a course of 15 months studies

unless a scholarship is kindly sanctioned he will have to discontinue his studies. He has done well in the first year's course and passed in the first class in six subjects out of nine. There are several scholarships granted in the Victoria Technical Institute vacant at present as the Principal could not admit the fresh scholars lately chosen by Government. I recommend that a scholarship of Rs 20 may be given to B Kanigiri Rao from January 1904 tenable for a year.
